

22' 1976 Seafarer Yacht Asking \$5000

Designed by McCurdy & Rhodes

New teak swim ladder

New cockpit storage box panels

New Tiller

& a well-looked after 2006 5 horse Honda four stroke outboard engine with low hours. Includes a dingy & trailer that I store & launch it on - trailer is not currently road worthy. Boat is kept at the Otsego Sailing Club in Cooperstown, NY

My family & I have really enjoyed this boat & I'm sad to let it go, but but i recently purchased its big sister in Florida - a Seafarer 38'. These are great boats, but sadly one boat is my max. Needs some cosmetic T.L.C., but it's ready to sail.

A very solid well built boat from a highly regarded builder
